## SLIDING DOOR GEAR

## Using This Price List

The price list is sectioned for easy reference of the gear items required for each type of door gear system. To avoid excessive repetition of components common to several door systems each section refers back to duplicated items.

Wherever possible the listings follow the format of the appropriate catalogue. A catalogue page number is also listed against each item where full information on the item can be found.

To assist with order accuracy always quote the item number and description.

## Contents

### STRAIGHT SLIDING DOOR GEAR

Section 1	Straight sliding door gear (track, track brackets, hangers, guides, channel and furniture)	Pages 1-3

- Warehouse Doors
- Farm Buildings

## SECURITY SHUTTERS

---

- Homes
- Offices
- Schools & Surgeries

## ROLLER GARAGE DOORS

### A quality, high specification aluminium roller garage door.

- Clean contemporary design, in a range of colours
- Vertical travel allows total use of space in front of the garage
- The door rolls into a compact housing (300mm x 300mm) which barely intrudes into the garage headroom, allowing full use of the roof area for storage
- Where there is restricted headroom we offer a smaller specification door, a 205mm x 205mm box, 65mm rails and a 38mm extruded aluminium profile
- Convenient operation of the garage door by radio remote from your vehicle (optional)
- Excellent security - no external locks to be tampered with
- Insulated aluminium profiles reduce sound and heat passage
- Manufactured to internationally recognised standards

# Distributors of Lakeside Flood Solutions

[www.lakesidefloodsolutions.co.uk](http://www.lakesidefloodsolutions.co.uk)

◀ *"Lakeside's enthusiasm was supported by comprehensive testing and product literature... we couldn't find a comparable system that had been tested to the same conditions."*

**Giles Williams, Senior Quantity Surveyor, KIER Construction**

*Essex County Cricket Ground, on behalf of KIER Construction.*

*"Based on comparison barrier systems... the main benefits of the Lakeside system include:*

- Ease of installation and removal
- Small number of components
- The quality and aesthetics
- Technical support and advice given by Lakeside
- Cost comparison with other systems

**Terry Kirwan BSc.(Hons) M.I.E.I. Project Management Consultant for Selfridges Group** 

*Brown Thomas Cork, Selfridges Group.*

◀ *"The installers are excellent ambassadors for your company - very polite and diligent. I preferred your barrier system over any other on the market."*

**Keith Monk, Retired Regional Engineer for Siemens**

*Residential Driveway, Cumbria.*

*"I would like to thank you for your effort in getting the barriers fitted so quickly for us and also ask you to pass on our thanks to the fitters who were also excellent."*

**Steven Brookfield, Commercial Director, KIER Services**

*Residential Front Door (side posts powder coated white), Essex.*
